

INTERLOC REVEAL

Info Sheet

Flush Wall Panel System

The **InterLoc Reveal** panel system is a smooth wall panel that can be installed both horizontally and vertically, and is commonly used as a soffit panel with perforations. This hidden fastener panel comes in a variety of coverages with options for flush wall or 1/2" reveal. Our original **InterLoc** panel is also available with an 8" or 12" coverage.

Available in our 24 **Standard Colours** as well as in our **Specialty Series** that includes textures, woodgrains, and realistic natural patterns.

Application: Wall

Coverage: 8" | **Depth:** 1" | **Reveal:** 1/2"

Panel Length: Up to 20' (minimum length: 36")

Available Gauge: 24

Available in 40+ Standard Colours & Specialty Finishes

Substrate: 5/8" Standard plywood minimum

Available with 1 or 2 V Grooves with Perforation Option

Architectural Wall Accent

Pairs well with our other panel options like **Forma Plank** to create exciting exteriors and accents. Can be installed both horizontally & vertically for more design flexibility.
