

FORMALOC

Info Sheet

Hidden Fastener Standing Seam Panel

The **FormaLoc** panel system is a hidden fastener standing seam panel that offers easy installation for roofers and homeowners alike. With long clean lines, this panel system provides recognized hidden fastener performance, while remaining an affordable product for a wide array of projects.

Suitable for climates with high wind, high snow accumulation, and extreme temperatures. The **FormaLoc** panel is available with either striations or minor ribs and works well for both roof (24 or 26 gauge) and wall applications (24, 26 or 29 gauge).

Applications: Roof & Wall

Coverages: 12" or 16" | **Depth:** 1"

Panel Length: Up to 35' (minimum length: 12")

Available Gauges: 24, 26 & 29

Available in 50+ Standard Colours & Specialty Finishes

Roof Slope: Greater than 3/12 is recommended

Note: Confirm with construction standards and underlayment manufacturing

Note: Should *always* be applied over solid substrate

Substrate: 5/8" standard plywood minimum (1/2" for walls)

UL - Uplift Class 90

Goodbye to Open Notches

We offer Profile Notching on our **FormaLoc** panels, which allows for a closed off seam along the eave edge. Ideal for roofing applications, pre-notching makes field install a breeze and gives your roof a cleaner end result.
